

Sheep Mix 5% Urea

Feeding Guide

Sheep Mix/Mixed Country 5% Urea is a low urea protein/mineral based supplement suitable for feeding to growing and adult sheep and to weaner cattle that have access to a range of country/soil types in the same paddock. This mix contains medium levels of minerals and high protein meal content to ensure optimal digestion and maximum pasture intake. Daily intake 30-80 grams per day for sheep and 200-300 grams per day for weaner cattle.
